1. Reference is made to the following document:

D1: EP-A-0 582 488 (PHILIP MORRIS) 9 February 1994 (1994-02-09)

2. **Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement (Re Item V)**

- 2.1 Document D1 discloses (cf. abstract and figures) a container of cigarettes from which the subject-matter of claim 1 differs in that the reusable box (4) is arranged side by side with the packets (3) in said given order and contains one packet (3) (see characterising portion of claim 1). I.e. contrary to the container of D1 which comprises a flat blank for making the reusable box, the container according to claim 1 comprises a ready to use box (4) which contains one packet (3) of cigarettes.

The combination of the features of independent claim 1 is neither known from, nor rendered obvious by, the available prior art. Claim 1 thus meets the requirements of Article 33 PCT, its subject-matter being novel, inventive and industrially applicable.

- 2.2 Claims 2-14 depend on claim 1 and therefore also comply with the requirements of Article 33 PCT.
